Derek,

I want to start by giving special thanks to Orsa, our office supervisor, and Rachel, the City Clerk, who are copied hereto and did the digging on this.

We do not have a bylaw number corresponding to SSMPS being the police service for the area, but the *Community Safety and Police Act* does set out the creation of the board and responsibility for the municipality. This may not be what you need, but it is the structure used. Otherwise, I believe I may recall an agreement between the City and Prince for SSMPS to service that community. It's gone between OPP and SSMPS for a time or two. This is likely the only agreement/bylaw number the City would have, but it would be regarding an expanded services area.

For ease of reference, I've included the relevant sections from the Act:

Police Service Board means:

- (a) a municipal board, or
- (b) a First Nation board; ("commission de service de police")

"policing function" means a function listed in subsection 11 (1) or a part of one of those functions; ("fonction policière")

"prescribed" means prescribed by the regulations; ("prescrit")

Methods of providing municipal policing

22 (1) Subject to subsection (2), every municipality may, with the approval of the Minister, do one of the following:

1. Constitute a municipal board to have policing responsibility for the municipality.
2. Enter into a written agreement under section 23 with one or more other municipalities to amalgamate their police services and jointly constitute a municipal board to have policing responsibility for the municipalities.
3. Enter into a written agreement under section 24 with one or more other municipalities to jointly constitute a municipal board to have policing responsibility for the municipalities.
4. Enter into a written agreement under section 26 with another municipality to have that municipality's municipal board assume policing responsibility for the municipality.
5. Enter into a written agreement with a First Nation board to have the board assume policing responsibility for the municipality by requesting an amendment to the regulation that constituted the board and

Please let us know if we can help with anything else.
